**On the previous, TBGS-sponsored
Workshop-TREES November 13, 2004
by Don Freeman, V.P. Programming**

Over 30 attendees enjoyed the presentation (in a beautiful setting) at the home of **Leslie and Cathy Moor** in Westlake Hills.

The speakers, **Scott Harris** and **Jim Carse** covered *Trees For Central Texas* and *The A thru Z On How To Start Off New Trees and Care For The Older Majestic Trees Of Austin*.***

Hill Country Landscape and the **Natural Gardener of Austin** donated two trees planted on the grounds.

Every workshop attendee received a free Vitex sapling of a new, selected variety named "Shoal Creek" a deeper-blue flower and a heavy bloomer.

Following an afternoon of lectures and demonstrations, the group enjoyed refreshments sponsored by the **Great Outdoors**. Next, came a tour of the home and the grounds. (This is the site of the Labyrinth - an exact copy of the original at Chartres Cathedral - to many, a perfect place for reflection and relaxation...)

Craig Nazor and George Pond, both from the Austin Botanical Foundation Committee, gave short, informal briefings on the progress of the Committee's recent meeting with various city departments.

On behalf of the Board and Members of TBGS, we are pleased to express our gratitude to the exceptionally generous Moors, and to our sponsors as well.
